

ECAA Albion Compound League 2022 – September Results

A very disappointing end to the League this year. I hope the teams who shot it enjoyed it and it gave them something to shoot for over the Summer months.

What are people's thoughts about the competition? Given the poor take up and return of results would teams be willing to send in scores next year. Please think about it - we have plenty of time before we have to make any decisions.

Congratulations Rayleigh.
