

ECAA SUMMER LEAGUE 2013

The end of another round of Summer League fixtures. Some very good scores but no records broken!

This year we had a situation where a ground was unavailable due to a yearly event and could not be used for, what should have been, a Home match. The Away club (who had advised me) could not use their ground due to football. It was fortunate that Malgrave were kind enough to share their facilities with them, otherwise they would have had to forfeit the match.

My thanks go to Chris Bushell for his efforts in providing a venue and to all the members of Malgrave for the huge amount of work they put in to ensure the second match was able to be shot.

I know you all realise that Match dates cannot be changed. These dates are printed on the Entry form so clubs are aware of the commitment when they enter. If, however, the ground should become unavailable due to unforeseen circumstances, it is in order for the match to be shot on the Away ground if that is possible.

But to remind you, if you know you will have a problem with your ground on a League date, make a note of it on the Entry form and I will do my best to ensure that, on that day, you have an Away match. Obviously, I cannot guarantee it as, if every club in the Division wants to be away !

Well done to all the Division winners, Team, Lady and Gent. You will receive your medals (and the trophy for the Team) at the ECAA AGM in February and I hope to see you there. Holders of the trophies, please ensure they are returned in time to be re-presented.

My thanks to you all for supporting the Summer League and I hope you will continue to do so.

2014 will be the 49th !

Marlene Hutchins
League Secretary
